C-W Chamber Welcomes Trillium For May 22nd Luncheon

Trillium Employment Services is a nonprofit organization committed to integrating people with intellectual disabilities into the workforce. Our staff of skilled professionals work closely with businesses and applicants to ensure a quality match and long term success

Trillium has been serving people with disabilities and Washington State employers since 1983. We connect people with disabilities to employment opportunities. We were one of the pioneer supported employment agencies in the United States. We originated as a demonstration project by the University of Oregon to assist a local manufacturer of defibrillators, Physio-Control, in the employment of assemblers with developmental disabilities. This successful project demonstrated to the nation that people with significant disabilities could participate fully in businesses producing quality products of a critical nature. This demonstration helped to influence national legislation on supported employment and pave the way for other people with developmental disabilities to obtain jobs in the community, influence government to move toward community employment and away from sheltered employment, and inspire other businesses to employ people with significant disabilities.

Registration REQUIRED, Walk-ins not accepted at this event. 24 hour notice for cancellations to avoid being charged. Doors open at 11:30am.

**Let's create a shared vision for the
future of Camas and our downtown!**

The City of Camas is working on two important projects
and we need your help! Our *Camas 2045* is an update to
the city's comprehensive plan, which is a guide for the
shared vision and future in Camas as we grow together
over the next 20 years. Our *Downtown Camas 2045* is
a new subarea plan that will include the direction and
goals specific to shaping our historic downtown.

As we work through these projects, we welcome your
input on important topics including housing, jobs,
transportation, parks, and infrastructure.

Together, we can ensure that our town continues
to feel like our hometown.
